

2016 Western Region Biopesticide and Organic Trials

	<u>Commodity</u>	<u>Planned Start</u>	<u>Planned Complete</u>	<u>Planned Report</u>	<u>WR Report</u>	<u>HQ Report</u>
Food-Fruit						
Efficacy and Phytotoxicity of Biopesticides on Organic Apple for the Control of Fireblight	Apple					
Granatstein, David, Washington State University					8/22/2016	8/25/2016
Grose, Julianne, Brigham Young University						
Johnson, Kenneth, Oregon State University					7/15/2016	7/15/2016
Efficacy of Biopesticides for Management of Spotted Wing Drosophila (SWD) in Blueberry and Caneberries	Caneberry					
Schreiber, Alan, Ag Development Group, Washington					12/8/2016	12/8/2016
Bolda, Mark, UC Cooperative Extension					10/11/2016	10/11/2016
Food-Vegetables						
Efficacy and Phytotoxicity of Biopesticides on Spinach for the control of Downy Mildew in Organic Production Systems	Spinach					
McRoberts, Neil, UC Davis					10/16/2016	10/16/2016
Ornamentals						
Weed Management in Ornamental Crops	Ornamentals					
Wilén, Cheryl, University Of California Cooperative Extension					12/6/2016	12/6/2016
Other						
Efficacy and Product Safety of Biopesticides for Varroa Mite Management in Honey Bees	Honey Bees					
Lastro Nino, Elina, UC Davis					1/4/2017	11/17/2016
