

2017 Western Region Biopesticide and Organic Trials

[Commodity](#) [Planned Start](#) [Planned Complete](#) [Planned Report](#) [WR Report](#) [HO Report](#)

Food-Fruit

Conventional Residue Mitigation Blueberry <i>Schreiber, Alan, Ag Development Group, Washington</i>	Blueberry	
Efficacy and Phytotoxicity of Biopesticides for management of Spotted Wing Drosophila (SWD) in blueberry and caneberries <i>Bolda, Mark, UC Cooperative Extension</i>	Caneberry	
Efficacy and Phytotoxicity of Biopesticides on Organic Apple for the control of Fireblight <i>DuPont, Tianna, Washington State University</i> <i>Johnson, Kenneth, Oregon State University</i>	Apple	

Food-Vegetables

Efficacy and Phytotoxicity of Biopesticides on Spinach for the control of Downy Mildew in Organic Production Systems <i>Klosterman, Steve, USDA ARS</i>	Spinach	8/1/2017
Efficacy of Biopesticides on Mushrooms for the Control of Phorid Fly (<i>Megasellia halterata</i>) <i>Kelly, Charlee, Monterey Mushroom</i>	Mushroom	

Forestry

Efficacy of Biopesticides on Conifer Seedlings for the control of Pythium and Cylindrocarpon <i>Chastagner, Gary, Washington State University</i>	conifer nursery stock	9/1/2017
--	-----------------------	----------

Ornamentals

Crop Safety of over the top herbicide application in ornamental crops <i>Moretti, Marcelo, Oregon State University</i>	Ornamentals	
---	-------------	--

2017 Western Region Biopesticide and Organic Trials

[Planned Report](#)

[WR Report](#)

[HQ Report](#)

Ornamentals

Crop safety of over-the-top herbicide application in ornamental crops

Ornamentals

Wilens, Cheryl, University Of California Cooperative Extension

Other

Efficacy and product safety of biopesticides for varroa mite management of honey bees

Honey Bees

Lastro Nino, Elina, UC Davis
